

## CONFCON-POD | Professional Wireless Conference Speakerphone with Expansion Microphones

### Key features

- **Extended Voice Range:** Two wireless extension microphones capture voices from up to 10 meters, ideal for 10-15 participants.
- **Comprehensive Microphone Array:** Includes 4 built-in microphones and 2 extensions for a 10-meter voice pickup range.
- **Long Battery Life:** 3000mAh battery lasts up to 10 hours for extended conversations.
- **Hi-Fi Speaker:** Delivers clear, treble-rich sound with explosion-proof treatment.
- **Dynamic Noise Reduction:** Ensures clear, smooth audio during meetings.
- **Wireless Connectivity:** Minimizes cable clutter with high-quality wireless module compatibility.

### Product Overview

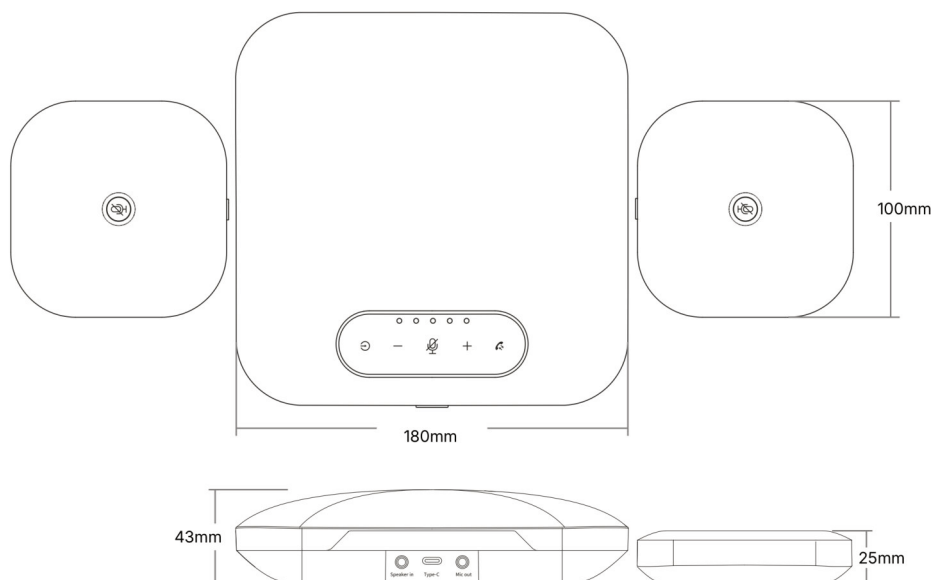

The Macsys CONFCON-POD is a versatile wireless conference speakerphone kit designed to accommodate a range of spaces, from small huddle areas to large conference rooms. It features a built-in array of four microphones, complemented by two extension microphones, which enable clear voice capture from various distances. The high-quality speaker ensures crisp audio output, while the advanced 3A audio algorithm—encompassing echo cancellation, noise suppression, and gain control—enhances overall clarity and communication. Compatible with Android, Windows, and macOS, the CONFCON-POD offers flexible connectivity through both wireless and USB options. By eliminating the need for cumbersome wiring, the CONFCON-POD simplifies and streamlines communication in any meeting setting.
