

PAS-GDRS20W | 20W Garden Rock Speaker

Key features

- Weatherproof synthetic resin enclosure
- Natural rock-like design blends with landscapes
- 20W transformer with 100V (10W/20W) & 70V (5W/10W) taps
- Clear, balanced audio for music and paging
- Ground-mounted installation
- Elegant grey finish for outdoor spaces

Product Overview

The Macsys PAS-GDRS20W is a stylish and durable 20W garden rock speaker, purpose-built for outdoor audio applications. Its weatherproof synthetic resin enclosure blends naturally into garden and landscape environments while delivering clear, powerful sound. Equipped with a 20W transformer, it supports selectable power settings at 100V (10W/20W) and 70V (5W/10W). With an SPL of 90dB (1W/1M) and a frequency response range of 100Hz to 16kHz, it ensures balanced sound for background music or paging. Designed for ground mounting, this grey-finished speaker combines form and function to enhance outdoor spaces with reliable audio performance.

Technical Specification

Features	Detail
Rated Power (100V Line)	10W / 20W
Rated Power (70V Line)	5W / 10W
Sound Pressure Level	90dB (1W @ 1M)
Maximum SPL	103dB (1M Distance)
Frequency Range	100Hz – 16kHz
Exterior Finish	Grey
Mounting Method	Ground Installation
Enclosure Material	Synthetic Resin
Product Dimensions	230 × 210 × 270 mm (W × H × D)
Net Weight	3.5 kg
