

PAS-VL-100L-06/30/60/120 | Speaker Volume Controller - 100V LMT

Key features

- 5-step volume control for easy sound adjustment
- Compatible with all 100V line PA systems
- Square 86 x 86 mm design for a clean and modern look
- Default white color with durable plastic finish
- Wide frequency range for clear audio (20Hz–20KHz)
- Simple surface-mount installation, no backbox required
- Ideal for residential, commercial, and office use

Product Overview

MACSYS PAS-VL-100L Series is a square-type volume controller with 5-step adjustment, designed for easy and efficient sound control. It is available in 6W, 30W, 60W, and 120W models for 100V line systems, offering flexibility across various installation needs. Featuring a clean 86 x 86 mm design, it comes in a default white finish with a durable plastic body. Compatible with most 100V public address systems, the PAS-VL-100L Series is ideal for smart homes, offices, and commercial audio setups, providing reliable and user-friendly performance.
