

PAS-GDRS20W | 20W Garden Rock Speaker

Key features

- Weather-resistant design for outdoor use.
- Elegant appearance with strong audio output.
- Supports 10/20W power at 100V and 5/10W at 70V.
- Frequency response from 100Hz to 16kHz.
- Sturdy ground-mounted synthetic resin body.
- Equipped with a 20W transformer.

Product Overview

The PAS-GDRS20W is engineered for durable outdoor performance, offering reliable weather protection suitable for various exterior settings. Its refined design delivers a powerful audio experience through a 10/20W (100V) or 5/10W (70V) configuration and a built-in 20W transformer.

The speaker achieves a sensitivity of 90dB (SPL 1W/1M) and maximum output of 103dB, covering frequencies from 100Hz to 16kHz for balanced sound reproduction. Measuring 230×210×270mm and weighing 3.5Kg, it is housed in a synthetic resin enclosure with a grey finish and is intended for ground mounting. The 20W Garden Rock Speaker combines robust construction, quality sound, and understated looks to seamlessly blend with outdoor environments.

Technical Specification

Feature	Details
Power (100V)	10/20W
Power (70V)	5/10W
Sensitivity (SPL 1W/1M)	90dB
Maximum SPL	103dB
Frequency Response	100Hz–16kHz
Product Dimensions	230×210×270mm
Weight	3.5Kg
Mounting Type	Ground mounted
Build Material	Synthetic Resin
Finish Color	Grey
Transformer Wattage	With 20W transformer
Certifications	CE, RoHS compliance
