- Rated IP55 for outdoor usage with reliable performance in varied environmental conditions.

Product Overview

The PAS-CLS100W is an Outdoor IP55 Column Speaker With Woofer & Tweeter 100v@50,100W designed for exceptional voice and music clarity. It features a robust aluminum alloy shell that is both waterproof and corrosion resistant, suitable for outdoor environments.

The speaker includes five 5-inch woofers and a 4-inch tweeter, delivering a frequency response from 80Hz to 18KHz at 97dB sensitivity. It supports dual power inputs of 50W and 100W on a 100V line, allowing flexible power management. The column is bracket-mounted, enabling controlled directivity for better sound coverage, and is IP55 rated for protection against dust and water. Ideal applications include conference rooms, supermarkets, campuses, and parks.
