

PAS-HS30W | Outdoor Horn Loudspeaker

Key features

- Outdoor Horn Loudspeaker, ideal for outdoor use
- High IP protection rating for durability
- Built-in 30W transformer included
- Delivers up to 108dB maximum sound
- Wide sound dispersion of 230 degrees
- Sturdy ABS housing with bracket mount

Product Overview

The PAS-HS30W is a Outdoor Horn Loudspeaker 100v@30W with a built-in 30W transformer, making it suitable for robust installations. It features high IP protection, ensuring reliability and long-term durability in outdoor environments.

The speaker supports both 15/30W and 7.5/15W power options, and is capable of delivering up to 108dB of sound output. With a frequency response of 400Hz to 7.5KHz and a 230-degree sound dispersion, it provides clear audio coverage over wide areas. Constructed from ABS material and featuring a bracket mount, the PAS-HS30W weighs 2.2Kg and comes in white. Its compact dimensions are 285×205×290mm, allowing for flexible installation.

Technical Specification

Feature	Details
Power Options	15/30W
Alternative Power Settings	7.5/15W
Sensitivity	96dB
Maximum Sound Level	108dB
Frequency Range	400Hz~7.5KHz
Sound Dispersion Angle	230 degree
Dimensions (mm)	285×205×290mm
Mounting Type	Bracket mount
Housing Material	ABS
Weight	2.2Kg
Color	White
Certifications	CE, RoHS compliance
